Panama Canal Section
The Panama Siphon is named after the Panama Canal, which connects the Caribbean Sea with the Pacific Ocean. The Panama Canal is very important, as it shortens the distance required saving the trip around South America. With the Panama Siphon there is no need for a detour, the water flows directly from the sink to the sewer.

PLAN & ELEVATIONS

The CabMaster Designer Software range includes the ability to create Plan and Elevation Views.

This means that you can create multiple elevations per drawing and even per cabinet.

These elevations can also be enlarged to show more precise detail.

PERSONALIZED TEMPLATES

Using CabMaster Software Designer products, you can create multiple personalized templates to suit your specific needs.

You can customize everything from simply your page size and company logo, to runner types and materials required.

Your template details can also include job number, customer details and a sign off section.

3D RENDER

A simple 3D rendered view is included in CabMaster Designer Software.

In addition, an Advanced "Photoview" option is also available.

With Photoview you can create high quality 3D renders, therefore giving you an edge in design visualization.

A BRIEF SNIPPET

Canmade is a North American leader in the supply of specialty hardware. We hold our relationships with our suppliers and customers in high esteem which is why we have more than 40 years of experience under our belt.

We started out small, but over the years we have been importing and distributing functional and decorative hardware for the kitchen, bath, office and ready-to-assemble furniture industries. Our inventory currently boasts over 35,000 products including: adhesives, handles and knobs, lighting, slides and hinges, decorative surfaces, and organisation solutions. We are also conveniently located in Toronto, Montréal and will be growing across Canada and the United States.

Essentially, we strive to be the wholesaler you can rely on for all your furniture hardware needs with ease across North America.

MISSION

Our mission is to build lasting relationships with our customers by offering sound and helpful advice, reliable service, great prices, alternatives and easy order processing.

VISION

We strive to be the heart and soul of the woodworking, renovation, interior design, and furniture design industries by helping small and mid-sized businesses grow and flourish through our mode of services and pricing. Our vision is to become the leading North American organization in our industry for customer service, advice, reliability, affordability and options.
