SOUDAL

Since its foundation in 1966, Soudal has been one of the most important European manufacturers of silicone sealants. From the beginning Soudal invested heavily in a sophisticated vacuum mixer for the production of polyester putties and high quality silicone sealants. For almost 50 years Soudal has offered more than just "a product that does the job". Quality, tailor made solutions and a premium after sales service: those are the elements that make the company into a true success story.

2. SEALANTS

Our sealants, designed to meet the unique needs of our customers, provide effective solutions for sealing and protecting various surfaces, offering durability and peace of mind in applications ranging from construction and manufacturing to household repairs.

ACRYLICS & FOAMS 3.

Soudacryl is a high quality paintable acrylic latex designed for both interior and exterior use. Our acrylics are great for windows, doors, roofing, concrete and general construction. Soudafoam is a top of the line, minimal expansion, one component, moisture curing PU foam for use in extreme climates. Our foam products are great for pipes, vents, wall panels and electrical outlets.

4. ACCESSORIES
